RESEARCH PROJECTS

The Populist Premium in European Elections, joint with A. Binetti
- Presented at NSEF Summer School in Economics and Finance 2024
- We study differential party performance in different electoral levels by exploiting the simultaneous timing of European and municipal elections

Workers' Preference for Retirement under Policy Uncertainty, joint with P. Bello and V. Galasso
- Presented at Netspar International Pension Workshop 2024, and ESPE Annual Conference 2025
- We investigate determinants of retirement decisions and assess the role of policy uncertainty in the decision-making process exploiting the unexpected implementation of an early retirement program

Does Political Polarization Induce Judicial Polarization?, joint with M. Del Conte and T. Nannicini

CERTIFICATIONS, IT AND LANGUAGE SKILLS

Stata, Python, LaTeX (excellent command). **RStudio, Qualtrics, Redivis** (good command).

Italian: mother tongue. **English**: fluent. **French**: good.
